

Personal Information Disclosure Consent

Corvette Marque Club of Seattle (CMCS)

A great perk for any social club, such as CMCS, is the ability to communicate, collaborate and associate with other members with a common interest, which for our club, is our Corvettes. Having means to contact other members enhances the club and its social agenda.

CMCS respects your privacy. Therefore the club needs your consent before publishing your personal information in the CMCS printed directory. The directories are issued in May and October.

Please check the boxes below to indicate your consent for CMCS to publish your information.

This form may be filled out on line. See instructions file for full details
