

We team up with RAD Custom Rides a **XPEL** Certified dealer installer

There are several ways to protect your Corvette's car paint and keep it looking brand new. No matter the model, XPEL can protect your vehicle.

## XPEL RECOMMENDS THESE PRODUCTS FOR YOUR CORVETTE

### PAINT PROTECTION FILM

Often referred to as "PPF," XPEL Self-Healing Paint Protection Film is perfect for protecting high impact areas, or even doing full coverage car wraps. Keep your Corvette's paint safe from chips, scratches, and road debris with glossy ULTIMATE PLUS™ or satin finish STEALTH™ today.

### WINDOW TINT

Window Tint can improve the Corvette driving experience by enhancing privacy, reducing infrared heat, cutting glare, as well as keeping your skin & eyes safe from harmful UV rays. From nearly optically clear to the blacked out "limo" look, we've got the perfect PRIME™ window tint for every automobile.

### CERAMIC COATING

If you want long-lasting hydrophobic protection for your new Corvette, look no further than a ceramic coating. FUSION PLUS™ offers specific formulations designed to help protect & improve the appearance of paint, PPF, wheels, calipers, glass, plastics, upholstery, and beyond with a single application.
